

## LSG900 Series

The LSG900 sign is a programmable LED sign, for up to 200 fully programmable messages. The message length is up to eight lines of ten characters. This new LED sign has a SignalMaster integrated in the lower level.

The sign is controlled through the LCD900 control head, with LCD screen and keys of silicone. It allows, through a simple menu system, select and preview the message before it appears on the LED sign.

With Smartsign Message Editor software you can edit and download 200 messages to the control head. Allows programming of letters, numbers and symbols (arrow, filled square, etc.). It also has an extensive library of most common messages in different countries.
