

# FSX SUN VISOR

LED sign

FSX sun visor provides high visibility and increases emergency officers security.

Federal Signal Vama's **FSX sun visor** provides clear identification for emergency services and highly visible temporary marking for vehicles. Used extensively by various emergency services including Police, Fire, Search and Rescue, Ambulances and Doctors. The **FSX sun visor** is perfect for marking any emergency vehicle that may be out of service, just out on test or for unmarked police cars working within an emergency or rescue service. This sign is discreet and remains unseen when not in use but highly effective when required.

-  **ANTI-DAZZLE FEATURE.** Light output dimming control to avoid emergency officers dazzle inside emergency vehicle.
-  **EASY INSTALLATION AND USE.** Simply slides over existing vehicle's sun-visor and plug it to the cigarette plug.
-  **NO FIXING BRACKETS OR STICKING.** It can be attached to your normal car visor easily without the need for any special tools, permanent brackets or sticking materials.
-  **EASY REMOVAL AND STORAGE WHEN NOT IN USE.** When not in use, simply fold away your vehicle's visor so it is out of sight or if preferred, simply slide off your visor and keep it inside the glove box.
-  **FLEXIBILITY.** Wide selection of texts available. Please consult our sales people and we will see if we can assist you.
-  **RUGGERISED.** UV stable and shatterproof.
-  **PATENTED.** Approved according to European Utility Patent approval.
