L560/L570 Series

Professional Rechargeable Flashlights

L560 / L570 Series

Federal Signal Vama presents the compact and rechargeable flashlights **L560** and **L570**, designed to make the security and surveillance professionals' jobs easier, providing a great luminosity and reliability in a small size and weight, making the perfect complement to your daily work.

Has a great versatility, as the flashlight allows to adapt numerous accessories, it has an adjustable focus and 3 working modes (**L560**) or a ring of 20 bicolour LEDs (**L570**).

COMPACT and LIGHT-WEIGHT

The L560 only measures 210 mm and weighs 440 gr.

Solution for each application

COMPACT AND LIGHT-WEIGHT: Thanks to its weight of only 440 gr. and to its small dimensions, the flashlight L560 and L570 are very easy to use.

AUTONOMY: The low consumption LED of the L560 flashlight guarantees a light autonomy up to 8 hours.

3 WORKING MODES: The flashlight provides 3 different functions, to adapt it according to each need: High intensity, Low intensity and Flashing mode.

BICOLOUR RING OF LEDS: The L570 flashlight has a ring of LEDs (10 amber LEDs and 10 red LEDs). Ideal for applications requiring cone signalling

ADJUSTABLE FOCUS: The flashlight L560 and L570 allows to adjust the light beam according to the object or scene to be focused.

DROP AND WATER PROOF: It is designed with great resistant materials avoiding that the flashlight gets damaged due to falls or impacts. It is also dust and water resistant (IP54).

BETTER GRIP AND ANTI-SLIP: Its cylindrical aluminium body provides a great resistance and better grip. The flashlight head is made of wrinkled rubber, which avoids that it rolls while leaving in a plain surface.
